

BG Quality Products

Secondary Leads for Jenbacher 600 Engines

Product Features:

- Constructed with BG's patented BlackJack® insulator technology for maximum performance
- Built with a DS™ connector to provide a superior electrical connection
- Seals to the spark plug with a Viton® O-Ring
- Increases dielectric strength at the coil terminal with a high-alumina ceramic insulator
- Mounts directly on the OEM flange with a bayonet retention mechanism
- Available for M22x1.5 (P/N 26665-01) or Square (P/N 26665-02) coil threads
